Objective

Creative position in a graphic design studio or department.

Work Experience

Art Director

Origin Group - Evanston, Illinois
(Formerly Waters & Wolfe)
March 2000 - Present

Working as Art Director in a team environment, responsible for the creative execution of branded identities, collateral, packaging, marketing and advertising campaigns and multimedia/web interfaces. Additional responsibilities include assisting the Creative Director in managing client relationships, freelance designers and junior designers.

- Design and execute complete branding and marketing campaigns for clients.
- Handle multiple, complex projects in a dynamic, fast paced environment.
- Redesigned agency's website.

Senior Designer

Clift Communications - Chicago, Illinois
October 1997 to March 2000

Worked as a designer creating marketing and sales brochures, identities, and product documentation for large and small companies. Responsible for all aspects of the creative process, including design management, mentoring of junior designers and client interaction. In addition, assisted in preparing proposals and estimates, and maintained all computers and servers.

- Designed format for Motorola's Iridium satellite phone user guide.
- Designed and produced Clift Communications web site.

Production Artist

Art Directors Service - Glenview, Illinois
February 1996 to October 1997

Worked as a production artist responsible for the creation of multiple sku's from a single design, bringing digital artwork up to client's digital art standards for printing and production of comps for print and television advertising. Clients included Kraft Foods and Bosch Tool Corporation.

- Handled multiple large projects under tight deadlines.
- Assisted in training the company's New York production staff.

Designer

Niimi Design Associates - Chicago, Illinois
June 1993 to February 1996

Worked as a designer responsible for concept and design of packaging, literature, and point of purchase displays for a variety of clients in the hardware industry.

- Handled extensive manipulation of hi-res images.

Education

The School of the Art Institute of Chicago
May 1993
Bachelor of Fine Arts - Visual Communication

Skills

Proficient in Illustrator, Photoshop, InDesign, Quark X-Press, Acrobat, Dreamweaver and the Macintosh operating system and hardware.
